

From the Principal

The end of a very full and successful year!

It has been an excellent year for learning, wellbeing and engagement at JJCMHS.

Here are a few of the positives from 2019:

- We launched our Literacy and Numeracy program for years 7 and 8;
- Increase in leadership opportunities for students across the school and an increase in the size of our student leadership team;
- Delegation of students presented at the Wellbeing In Schools Australia, (WISA) conference;
- Teaching our school values to all students;
- Developed a system for recognising and promoting behaviours that exhibit our schools values;
- Continued to grow partnerships with our community, including:

Continued Page 1

What's on?

13th December – Presentation Day

17th December – School Picnic Day

18th December – Last day of school for 2019

29th January 2020 – School resumes for Years 7, 11 and 12

30th January 2020 – School resumes for all students

Embracing Opportunity

PRINCIPAL'S MESSAGE CONTINUED

- o working with our partner primary school to better understand how to teach literacy;
- o establishing a partnership through music with Gardeners Road PS and Mascot PS culminating in a shared performance;
- o continuing to grow partnerships with South East Community Connect;
- o establishing a strong connection with Bayside Council - being the only high school to perform at the Bayside Fair.
- Increased opportunities for students to engage in extracurricular activities.

Parents and Citizens Association meetings for 2020.

I want to firstly thank parents and citizens who have attended our meetings this year and contributed to discussion regarding communication, uniform, homework and fundraising. Thank you to parents who have sat on panels as the parent representative to select permanent teachers for our school.

Unfortunately, we have lost a bit of momentum in Term 4 with our meetings and I hope to start the New Year with a strong P&C that is well attended. You may remember I surveyed families late in Term 3 to find out the day, time, frequency and length of meeting that might suit parents and citizens. I have used this information as the basis for planning our P&C meetings on the calendar for 2020.

In 2020 we will meet twice per term on Wednesdays, starting at 6:30pm and going through to 7:30pm. We will meet in weeks 3 and 7 of each term.

Term 1	Term 2	Term 3	Term 4
12/3/2020 AGM 11/3/2020	13/5/2020 10/6/2020	5/8/2020 2/9/2020	28/10/2020 25/11/2020

The first meeting will include our Annual General Meeting and we will vote in the Treasurer, President and Secretary. Remember you can manage your level of involvement.

Our AGM will run in the first meeting at the beginning of the year so that we can provide an opportunity for our new parents with children starting Year 7 to get involved. During this meeting we can plan our goals for the year.

Some current roles undertaken by the P&C are:

- Run a fundraiser once per year - usually for the Big Night Out. The money goes straight back into student learning and provides funds that contribute to improvements to the school;
- Involvement in panels when jobs are advertised for staff, meaning members can have a direct input into the staff we employ.
- Engage in discussion with the Principal about things that we might improve about the school.

You will receive an invite through email and an SMS reminder. Please contact the school to confirm your attendance so that we can be prepared for numbers attending.

I look forward to seeing you there.

Share Our Space

JJ Cahill Memorial High School is participating in Share Our Space this 2019-2020 summer holidays.

We're opening our gates to the community so please come along with your families to enjoy the grounds, basketball courts, the open space and the play equipment. The spaces will be cleaned regularly, and there are security services in place to keep the grounds in good shape. To find out details and a school near you go to the Share Our Space webpage here <https://www.schoolinfrastructure.nsw.gov.au/programs/share-our-space.html>

Share Our Space is a Department of Education initiative that opens the outdoor areas of schools to the public during the holidays, to provide local communities with safe and secure outdoor play areas. Share Our Space will open on Monday 23 December 2019 and close on Friday, 24 January.

Patrolling guards will open the school gates between 7am and 8am and close them between 5pm and 6pm each day.

Parents are expected to provide appropriate supervision for their child or children. This is also stated on the signage. Departmental staff are not required to open or close gates or supervise children as part of the operation of Share Our Space.

I want to wish all families a save and relaxing Christmas break. I look forward to seeing you all again in the New Year.

Ralph David,
Principal

A MESSAGE FROM MR MIFSUD

One of our most productive years ever!

2019 has been a tremendous year for school growth and student learning. We are proud of the continued connections students have established with their teachers, accessing expertise and feedback for their own development.

I would like to thank all our staff, who have worked tirelessly and with compassion, expertise, and authority to lead our students in the understanding and implementation of Positive Behaviour for Learning, and the high expectations of school attendance, quality teaching and learning.

From the strategic literacy and numeracy delivered to Year 7 and Year 8 students each day, NAPLAN results, VALID for Years 8 and 10 Science, and, no doubt, positive HSC results yet to arrive, our JJCMHS students have accepted and received the explicit teaching strategies delivered by teachers to learn and grow.

I have read all academic reports teachers have written for students. A lot of information and feedback has been provided with meaningful insights and collection of evidence to corroborate the outcomes and report comments. I urge all parents to carefully read those reports and to sit with their child to really understand the strengths and areas for improvement teachers have identified.

Many students have had successful years academically and that is supported by their consistent and punctual attendance. Congratulations to those students who have above 90% or perfect attendance. We will acknowledge you with a special morning tea early next year. Congratulations for your effort and investment into your own education and learning.

I congratulate all these students and those who will receive additional acknowledgment of their academic success with an award at the presentation ceremony. It has been a pleasure to watch you continue your educational and personal development this year.

Enrolments

We still have some vacancies for 2020. If you have friends or neighbours who may wish to enrol their children, please advise them to come to the office to complete an application. Each applicant is then interviewed and if 'out of area', a panel consisting of staff and parent representatives will assess the application in line with our Enrolment Policy.

Please tell them about the great results we are achieving, the fantastic technology we have, and the facility upgrades that combine to make our school such a wonderful place to learn. Combined with innovation, successful strategies and a strong approach to wellbeing, JJCMHS offers a broad and diverse curriculum catering for students' needs and abilities. We have had many enrolments commencing next year.

School resumes in 2020

The 2020 school year will start on Wednesday, 29 January, for Years 7, 11 and 12 and on Thursday, 30 January for all other year groups. As classes (and teachers) will be confirmed based on the actual enrolments in that week, it is important that all students attend from the first day. If students are absent they may miss out on their first preference for subjects to be studied. If the family is returning from a holiday, please send a letter to advise by the end of this year so the school can keep the vacancy open.

I would like to thank all the staff for their outstanding commitment to student learning and devotion to provide support and assistance to each student. The quality of learning taking place in classrooms, and all school contexts, from the Library to the playground, shows a trusting and respectful interaction between teachers and students and even between students with the support they provide each other.

I would like to thank all the parents, community members and staff for their support throughout this year and BEST WISHES TO EVERYONE FOR A SAFE AND HAPPY HOLIDAY BREAK.

SEE YOU IN 2020!

John Mifsud,
Deputy Principal

SOME WORDS FROM MR FILBY

And that's (nearly) a wrap for 2019!

Wow! Almost the end of Term 4 already. The old saying "time flies when you're having fun" certainly seems true in my case. I have to say once again how much I enjoy working with the fantastic students and staff at JJCMHS.

Although we are now in December, students and teachers continue to work hard towards achieving learning outcomes. It is still important that students continue to be at school each day and arrive on time, ready to learn and participate.

One of our school values is excellence. Part of our PB4L approach has defined excellence as the journey to find your personal best and setting high expectations for achievement. We show our excellence when we are persistent and offer our best at all times.

The indicators are: Persistence; Resilience; Habits – mind and action

Developing these attributes doesn't always come easy. Resilience is developed over time and is something that has to be learned and acquired. Parents along with teachers can help students develop resilience by showing/teaching them how to do something until the child can do it for themselves. Young people learn by doing.

Resilient children are more likely to cope with stressful situations, are willing to take risks with their learning and are more adaptable - attributes that they can take with them into their adult years. Therefore, as a community let us work together to allow students, or our children, to do things for themselves to develop necessary resilience.

We are currently working on a new process for distributing reports. It is envisaged that in the near future all reports will be published through the parent portal rather than sending home a printed copy. I would like to remind parents to register for the Parent Portal on Sentral. The registration page can be found at <https://jjcmhs.sentral.com.au/portal2/#!/register>

If you need any assistance registering for the Parent Portal, please do not hesitate to email me asking for assistance at Neville.filby@det.nsw.edu.au

Neville Filby,
Deputy Principal

INDIGENOUS NEWS

Two of our student leaders, Daniella and Jamie-Lee, were the masters of ceremonies at the Speak Up! Naidoc Public Speaking Competition. This event was held at the Parliament of New South Wales. Both students spoke exceptionally well and represented themselves, JJ Cahill MHS, and the Aboriginal community with pride.

Luke McNaught,
Aboriginal and Torres Strait Islander Programs Coordinator

THINGS HAVE BEEN BUSY IN HSIE!

YEAR 9/10 COMMERCE BUSINESS PROJECTS

During Week 9 of Term 3, Year 9/10 Commerce were involved in a task where they had to run their own business as a team project. Students had to submit a Business Plan, produce a TV/Radio Commercial and present a Trade Display to the JJ Cahill Memorial High School Community.

The trade display was set up in the library and the outcome and work that the students produced was outstanding. Congratulations to all students involved and thank you to Ms Lawson for leading this engaging activity.

AUSTRALIAN HISTORY COMPETITION

Congratulations to all students who participated in the Australian History Competition on an outstanding effort. A special mention goes to the following students:

Year 7 Students: Focus Sominthu achieved a Merit and Oliver Davidson achieved a Credit. Year 8 Students: Noah Miles achieved a Merit and Mendy Kirovsky achieved a Distinction. Year 9: Oliver Martin achieved a Distinction: Year 10 Christopher Vougioukas achieved a Credit.

This is a competition that is run across the country and the test is unseen to all teachers. Therefore, these are excellent results and all students who participated should be very proud.

Ms Batista De Mello
Head Teacher HSIE/CAPA

STUDIES OF RELIGION EXCURSION

The Year 12 Studies of Religion class recently enjoyed a great day out visiting three important places of worship in Sydney. They went to St Catherine's Greek Orthodox Church in Mascot, St Mary's Cathedral, Hyde Park, and the Great Synagogue in Elizabeth Street.

Most of the students had not been inside these fabulous buildings before and enjoyed the opportunity to learn about their history, as well as some important facts about the respective religions. This is of great assistance with their Depth Studies in Christianity and Judaism.

YEAR 9/10 GEOGRAPHY EXCURSION

Year 9/10 Geography students went on a guided walking tour around Pyrmont. This was led by the Australian National Maritime Museum and students had an opportunity to explore the Destroyer naval ship stationed at the Museum.

This excursion was designed for the Stage 5 Geography course and meets many HSIE mandatory course outcomes. Fieldwork is a compulsory component of Geography and is a wonderful way to increase student engagement with authentic and practical learning experiences. All students are to be commended for their commitment during a very hot day and thank you to Mr Bosco for organising the excursion.

Sian Batista De Mello,
Head Teacher HSIE/CAPA

WHAT'S HAPPENING IN TAS?

Year 11 Vet Construction

Many Construction students have completed their week-long 35 hours of "Work placement" – which is like work experience. They participate in this valuable experience as they are given an opportunity to work on a real worksite with real tradespeople and builders. Some students have also completed the Year 12 Work Placement of a further 35 hours.

Ameer Yousif (pictured at right) has done this, and reported on this Stanmore house renovation of a rear lounge room that "I really enjoyed the whole week and learnt a lot from the tradies".

Other students have completed their Cluster B and Cluster C assessment tasks. These included the Tool Box, Cement Float and Timber Mallet, all pictured below. These will provide a good start to a life's time use of tools they have made themselves.

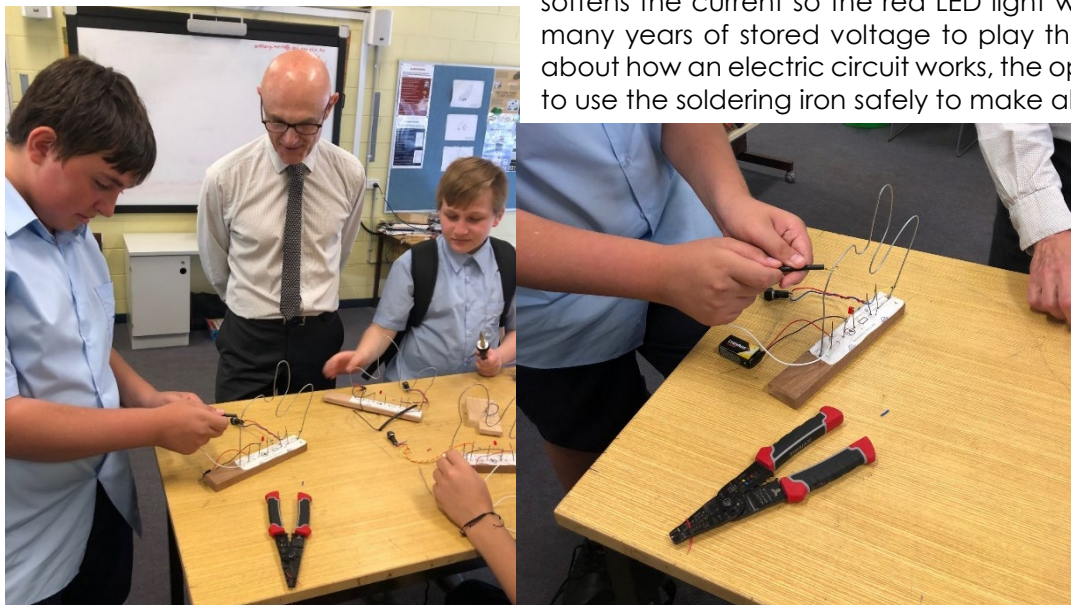

Students made these tools following strict size/ dimensions, as well as safe and careful construction techniques..... further skills for life!

8B Technology Mandatory

Students in this class have completed their latest project – the electronic “Skill Tester” which is a game of skill to see if the player can move the wand along a hilly track from start to finish without setting off the light alarm. Mr David joined the class to see how they were going as a few students demonstrated their handy skills.

This technology project is all about learning how an electric circuit operates using a 9V battery and a resistor that softens the current so the red LED light won't blow - while still having many years of stored voltage to play this game. Students also learn about how an electric circuit works, the operation of a switch and how to use the soldering iron safely to make all the connections

Anthony Morris,
Teacher, TAS

AND SOME WORDS FROM YEAR ADVISERS...

YEAR 11/12

This semester has been busy for Year 11, with students transitioning from their Preliminary studies to their HSC year. Beginning the HSC can be overwhelming for students as they begin to feel the pressure they will experience for the year ahead. I would like to commend our students on their positive attitude during this transition and their optimism in continuing the year productively and successfully. At this point, it is also imperative for students and parents to reflect on the feedback given in the Preliminary yearly reports to outline areas for improvement in the HSC year.

I would like to congratulate Daniella Manning-Shlemon and Liam Thompson on being elected as School Captains, and Aisha Ors on being elected as Vice-Captain. I would also like to congratulate Luka Mildenhall-Farquhar, Cecilia Manttan, Sameer Masum and Peter Siapkias for taking on the role of Prefects.

These holidays for Year 12 are a time for students to revise content from the first term of the HSC year and prepare for the year ahead. School is like a marathon and at this point you have just entered the stadium. Everyone is cheering for you, so don't start walking now. You want to make it across that finish line, a mere 9 months away, proud of your efforts knowing that you did your best.

Have a wonderful, safe and productive holiday!

Emma Rosewarne,
Year 12 Adviser

YEAR 10

As the year comes to an end, we must reflect on everything we have achieved this year at JJ Cahill Memorial High School, from participating in whole school events like Genes for Jeans Day and Australia's Biggest Morning Tea to completing HSC 'All My Own Work' and participating in Senior School Induction in Week 7. Year 10, as a cohort, participated effectively in all activities this year and should be proud of their money raising efforts for a range of social issues including relief for the bushfires experienced across NSW. They are also to be congratulated on a successful Cadbury fundraiser in Term 4.

During Week 8, students completed work experience, and by all accounts had a fantastic time making connections with the community and trying out occupations that they may pursue after they finish Year 12 in 2021. Students also had the opportunity to enjoy many excursions during Week 9, including an overnight stay in the school hall. Fun was had with games, movies and a BBQ dinner. The next day was jam-packed with a journey to the SEALIFE Sydney Aquarium. What a way to end the year!

Congratulations to all students who have achieved to their best potential this year. Enjoy the recognition on Presentation Day. I look forward to the adventures we will undertake next year in 2020. Have a restful and safe break and come back ready to try your best!

Emily Lawson,
Year 10 Adviser

YEAR 9

As the year comes to a close, I'd like to take the opportunity to wish Year 9 a safe and fruitful break. 2019 presented many positives as Year 9 students excelled in their academic endeavours and sporting contributions. It was great to see the students engaging in the different programs and initiatives that our school has to offer.

Although Year 9 can be a time of change, I am proud of the support that the students showed each other and the positive friendships that were developed throughout the year. It is important that Year 9 reflect on the year that has passed and create learning goals to strive towards in 2020.

Enjoy the holiday period, Year 9 – I look forward to seeing you all in 2020 as Year 10 students.

Petros Goudis,
Year 9 Adviser

YEAR 8

2019 has been a big year for Year 8, and it has been pleasing to see how the majority of students have embraced a variety of learning, sporting and extra-curricular opportunities that the school community has offered.

Term 4 has been overwhelmed by subject selection for Year 9 2014, as well as many students achieving numerous HERO awards, showing that positive behaviour can be maintained right up until the end of the year.

As the year draws to a close, it is important to reflect not only on the successes of the year but also the speed bumps and challenges that came up along the way. After reading through Year 8 reports, it is important for students to personally assess what areas they made some promising improvements, but also reflect on the areas they need to improve as they begin Year 9 in 2020. Next year promises to be another big and exciting year, beginning with a camp in Week 9 of Term 1 focusing on cohort bonding and wellbeing.

Have a safe and restful break. I look forward to seeing you all on the first day of Year 9 in roll call, wearing full school uniform, ready and eager to learn.

Tamara Tickle,
Year 8 Adviser

YEAR 7

An amazing semester for Year 7 has come to an end! It is my joy to see so many students maturing in their attitudes - towards both their learning and also to each other. Swim school was such a fun highlight of the Term, as was Big Night Out. There were some students who were lucky enough to visit their old primary schools and get involved in music mentoring.

I wish all of the Year 7 students a happy and safe summer break. Let's all endeavour to be ready for an even better 2020!

Adrian Lim-Klumpes,
Year 7 Adviser

BIG NIGHT OUT XII!

On the 29th of November 2019, JJ Cahill Memorial High once again held another successful Big Night Out event. It was a spectacular evening filled with various musical performances and JJ's very own Art Exhibition which exhibited the musical and artistic talents of students across the school.

Staff and students also had the privilege to collaborate with local primary schools such as Gardeners Road and Mascot Public School for the first time. Therefore, it was no surprise that there was a massive turn out for the 12th Big Night Out.

From the HSC students' first appearance with "Blue Bossa", to the JJ staff band's awesome climatic closing act; from the Year 7s' combined performance of "Faith" with Gardeners Road Choir, to the Guitar Club's outstanding re-enactment of the genre of rock and much, much more, audience members were thoroughly entertained throughout the night.

In addition to all of this, JJ's Art Exhibition was also a great success as audience members had the opportunity to view students' HSC major works, ceramics, busts, paintings and various drawings.

Overall, Big Night Out XII was seen as a big achievement for students, parents and staff members. Our community was particularly impressed with the CAPA faculty, work done by other staff members and students and parents who participated in this event.

A special THANK YOU needs to be given to Mr Lim-Klumpes and Mr Hooper who dedicated numerous hours to this event, to Ms Jessop and Ms Ryan for setting up the Art exhibition, to our parents, and to Ms Hamieh who supported the BBQ. Thanks also go to the internship teachers Ms Low and Ms Zhang. Please stay tuned for the next Big Night Out and see you next time, Friday June 26, 2020!

AN UPDATE FROM THE WELLBEING TEAM

Mental Health Day Celebrations at JJCMHS

On the 17 October, 2019 our school celebrated the Mental Health Day by hosting a powerful talk with Josette Mouawad who shared with our students her personal journey struggling with mental health issues during her school years and how she overcame depression.

Josette shared her story and interacted with our students in a Q&A session. Our students were very engaged throughout and Josette's message was clear, powerful and created a positive impact in the general attitude towards mental health at our school. During this presentation, our school counsellor, Ms Karlina Panagiotaros, addressed the students about the ways she can support them, if and when they are dealing with difficult situations or thoughts, and talked about the importance of seeking help and support. Students were encouraged to tell loved ones that they have noticed they're behaving differently and, if worried, ask about their thoughts, then listen with empathy and without judgment.

Contacts: Lifeline (13 11 14 and lifeline.org.au), the Suicide Call Back Service (1300 659 467 and suicidecallbackservice.org.au), beyondblue (1300 22 4636 and beyondblue.org.au)

Dos and don'ts

Do

- Let your friend or loved one know you have noticed they're behaving differently.
- If you feel uncertain and that your friend or loved one may be at risk, do ask the question. *Are you having thoughts about suicide?* Be prepared for the answer to be yes. Then listen with empathy and without judgement.
- Make sure they're safe for now and support them to seek help.

Don't

- Don't try to talk them out of suicide by reminding them 'what they've got going for them' or how much it would hurt their friends and family.
- Don't try to fix their problems.
- Don't dismiss it as 'attention seeking'. Take them seriously and acknowledge the reasons they want to die.

Theatre Event – Sticks & Stones

On the 6 November, 2019 our school held a theatre play addressing bullying, cyber bullying, aggression and respectful relationships. The play was written, directed and performed by two young actors from Brainstorm Productions, who are an award-winning in-school theatre partner and their programs tackle the important issues facing our teenagers today, including the consequences of cyber bullying, risky behaviour, negative relationships, violence, prejudice, depression, eating disorders and substance abuse.

Consultation with school counsellors, teachers and education professionals ensured that the material was psychologically safe and appropriate. The performance provided insights into how students can take control of their own behaviour and lives. The play was followed by an engaging discussion for Q&A's that ensured that all of the positive messages have been received and understood by the students, cementing what they have learnt and taken from the show.

White Ribbon Assembly and Consent and Healthy Relationships Workshops

At JJ Cahill Memorial High School we believe that the solution to issues facing young people is through their empowerment. We focus on providing accurate information, developing critical thinking skills, and providing spaces for conversations and questions.

With that in mind, and as part of the White Ribbon Campaign - a global movement of men and boys working to end male violence against women and girls - our school celebrated healthy and caring relationships. This was through holding a special White Ribbon Assembly and by facilitating two workshops about Consent and Healthy Relationships directed to students in Years 8, 9 and 10 on the 21 and 22 of November.

In our White Ribbon Assembly we heard from our school counsellor Karlina Panagiotoros and from the Family Referral Education Worker, Amaia Delaterre about the different support and assistance that they provide to our students, families and our school community. We ended our assembly with a heartfelt pledge that united us as a community in our stance against violence against women.

Marisa Cruz,
Wellbeing Coordinator

FROM THE CAREERS ADVISER

Year 10 Work Experience

Year 10 students recently completed work experience in a workplace relevant to their goals and aspirations.

It was great to see students in work environments that matched their abilities, skills, and personalities. Students that typically find the mental work of school and education difficult quite often excel in other areas such as being skilful with their hands and enjoy working physically hard. While this is noticeable at school, this is most noticeable during work experience and when asking students about the satisfaction they are gaining from the work they are doing.

Well done Year 10, you have taken one step closer to finding a satisfying career. Even if your work experience was not what you had hoped, or you just did not like it, you have still taken one step closer to your goal by eliminating the jobs or type of work you do not like. Work experience is also valuable for networking with other people who may be able to support your career now, or in the future and you may even gain employment opportunities from the experience.

Every experience can be a learning one regardless of the outcome!

Well done to all Year 10 students for their commitment to the work experience program.

If you think you're ready to start your career, enjoy practical work and want to gain skills on the job, www.skillsroad.com.au is for you. Skillsroad specialises in apprenticeship and traineeship pathways. If you're not sure which trade you want to undertake, Skillsroad can help you make this important decision. Skillsroad post job vacancies on their jobs board, they match you with potential employers and give you useful job hunting tips. **Check it out!**

Have a Safe and Happy Holiday
